January 19, 2016

To the Honorable Chairman Ray Slama
And Members of the Board of Trustees

Dear Board Members:

This transmittal letter accompanies the Annual Operating Budget of the Village of Twin Oaks for the fiscal year commencing January 1, 2016 and ending December 31, 2016. This budget was approved unanimously by the Board of Trustees at a meeting on December 29, 2015. This budget complies with Chapter 67 of the Revised Statutes of the State of Missouri which sets forth a number of requirements. Among those requirements are that expenses may not exceed projected revenues together with any unencumbered reserve funds from prior years and presentation of three years of revenues and expenses are required. Those being the prior year's actual results, a forecast of the current year and of course the succeeding year's budgeted amounts.

This budget document contains a Forecast of Revenues and Expenses for the Fiscal Year Ended December 31, 2015. This forecast represents the Village's Revised or Adjusted Budget for that period. It is based on actual revenues and expenses for the nine months ended September 30, 2015 combined with estimated revenues and expenses for the balance of the fiscal year.

The budget for the fiscal year ending December 31, 2016 is based on a number of factors. It was created during the course of several Board of Trustees work sessions. The first step in this process was the creation of the aforementioned Fiscal Year 2015 Revised Budget. This was then included with actual operating results for the five fiscal years ended December 31, 2014. These figures provided a basis for comparison and estimation of future revenues and expenses. Estimates of future revenues and expenses were then adjusted based on known or estimated changes anticipated to occur in Fiscal Year 2016.

Highlights are as follows:

REVENUES:

- Sales Taxes – Because the Village is a Point-of-Sale or “A-City” which means it retains most sales taxes collected within its borders, it is both wise and fortunate to have emphasized economic development within its borders a number of years ago. Creation of the Schnucks and Shop-N-Save shopping developments has provided the Village with the highest per capita sales tax revenues in St. Louis County. During Fiscal Year 2015, sales tax revenues are anticipated to rise about

9.6% or about \$94,000 over those of the prior year to about \$1,078,700. In large part, this is considered the result of continued economic recovery from both the recession of 2008-2009, as well as sales volume erosion from retail sales developments in adjacent geographic areas. The rate of continued sales tax revenue recovery is not known. The Village is conservatively estimating revenues to increase at a rate of about 2.5% to about \$1,106,000 in Fiscal Year 2016.

- **Property Taxes** – Property tax collections are anticipated to increase about 8% in Fiscal Year 2015 over those of the prior year. As property tax increases are governed by the Hancock Amendment, this is largely the result of timing of collections. Property valuation has remained stable in the Village. However, there was only minimal new construction in the Village during 2014. Consequently, property tax revenues are anticipated to rise in Fiscal Year 2016 principally as a result of inflation, as permitted under the amendment.
- **Intergovernmental Taxes** – These are state and county taxes shared with the Village on a per capita basis. In Fiscal Year 2015, Intergovernmental taxes grew largely on the strength of stronger state collections. Increased collections are not anticipated in Fiscal Year 2016.
- **Grants** – Grant reimbursements received during Fiscal Year 2015 were principally the result of grants put in place in earlier years and not completed until early in Fiscal Year 2015. No grants are currently contemplated in Fiscal Year 2016.

EXPENSES:

- **Personnel Services** – Personnel costs increased only slightly, about 1.1%, in Fiscal Year 2015. This was largely the result of employee turnover offsetting increased rates. Largely as a result of more anticipated part-time hours, the Village anticipates a rise of about 11% in Personnel costs in Fiscal Year 2016.
- **Administrative and Operating** - Administrative and operating costs are expected to increase only about 0.5% in Fiscal Years 2015 and about 1.9% in Fiscal Year 2016.
- **Police costs** are contractual in nature and so is their increase.
- **Contractual costs** will rise significantly in Fiscal Year 2015 to about \$122,900 from \$64,515 in Fiscal Year 2014, mostly as a result of engagement of outside counsel to advise and defend the Village in first amendment related litigation. These costs are not anticipated to recur in Fiscal Year 2016.
- **Lease costs** substantially represent the rental costs related to the village hall which is contractual in nature. Moderate increases are expected in both Fiscal Year 2015 and 2016.
- **Repairs and Maintenance.** – Repair costs in particular are difficult to estimate given the relatively small scale of village operations. The management intensive nature of such expenditures also tends to impact both their frequency and amount. This was evidenced in Fiscal Year 2015 where these expenses more than doubled to about \$96,000 from the prior year of \$44,292, largely as a result of unplanned road and park related projects. They are expected to return to more moderate levels in Fiscal Year 2016 of about \$65,100.

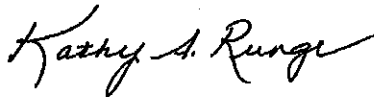

- Capital Additions – Included in the budget package is a schedule of anticipated capital additions. Capital additions in Fiscal Year 2015 lagged those of the preceding year. Capital additions in Fiscal Year 2016 are anticipated to increase as the Village takes on a number of significant projects.

FUND BALANCE – All of the Village's funds carry significant fund balances; the amount by which assets exceed liabilities. The Village's General Fund, in particular, is anticipated to have a fund balance of about \$852,000 at the end of Fiscal Year 2016. This represents over 160% of estimated operating costs. Every political entity must decide an appropriate level of reserves relative to the myriad risks it faces. For the time being, the Board finds it in the best interest of the Village to maintain its various funds' reserves at or near their existing levels.

The Village's strategic plan underlying this budget may be characterized as one that continues to provide a wide-range, as well as a superior level of services to village residents and business owners in a cost effective manner, while at the same time continuing to responsibly improve those services and the Village's investment in its capital assets. I believe this budget adequately meets those objectives.

This budget represents a significant amount of work on the part of both the Board and staff. I appreciate the efforts and contributions of both in the preparation of this budget.

Respectfully submitted,

Kathy A. Runge
Village Clerk/Controller
