## MINUTES OF THE WORK SESSION TWIN OAKS CITY HALL CITY OF TWIN OAKS BOARD OF ALDERMEN WEDNESDAY, AUGUST 2, 2023

The Work Session was called to order by Mayor Russ Fortune at 6:17 p.m. pursuant to public notice and agenda. Those in attendance were:

## **2023** Capital Improvement Plan

City Clerk/Administrator Frank Johnson reviewed the list of projects that the Board had discussed for completion before the end of 2023.

For the banner signs on the Big Bend Road light poles, City Clerk/Administrator Johnson asked the Board if they wanted to pricing for just the four poles at the Highway 141 intersection or if they would like to include more. The Board agreed to ask for pricing on four poles initially. After reviewing the pricing, the Board will then determine if additional banners should be purchased.

City Clerk/Administrator Johnson reviewed the Boly Lane entrance redesign. The new design will need to have the approval of St. Louis County since it is in their ROW. Compliance with ADA standards will require that the requested crosswalk be 10' in width. Additionally, there will need to be ROW acquisition for the property in front of 1311 Boly Lane as the property boundaries for that parcel extend out onto Big Bend Road. Additionally, City Clerk/Administrator Johnson informed the Board that the City will modify the Land Disturbance Code to properly reflect the permitting exemption for the City. The current code references St. Louis County in numerous places instead of the City of Twin Oaks.

City Clerk/Administrator Johnson stated that he has issued RFP's for three projects. Those projects are the excavation and rebuilding of a water feature by the stone bridge in the Twin

Oaks Park and the construction of a dry creek bed, curb improvements for portions of Big Bend Road and Meramec Station Road, and restriping Meramec Station Road. All the deadlines for these projects are August 15, 2023.

Mayor Russ Fortune and Alderman Tim Stoeckl met with Maintenance Supervisor, Kevin Williams to address the curbs that need to be replaced. In addition to noticing the curb decay, the group also noted some property maintenance and safety concerns with the Hardee's located at 850 Meramec Station Road. City Clerk/Administrator Johnson stated that he has requested St Louis County complete a code sweep of the property.

The Board inquired about updating the planters at the intersection of Highway 141 and Big Bend Road. City Clerk/Administrator Johnson stated that he has contacted the contractors that built and installed the planters at the intersection but hasn't heard back from them at this time.

## Crescent Ave Improvement Project Update

City Clerk/Administrator Johnson updated the Board on the Crescent Avenue Improvement Project. This project has been developing on three tracks; stormwater design, ROW acquisition and utility coordination, all of which have impacted the projected budget and timeline.

City/Clerk Administrator Johnson stated that, over the course of the last year, BFA has been acquiring permits and working with the utilities in the project ROW. Ameren is planning on moving existing utility poles, but Missouri American Water has concerns that the City will need to address. The utility is asking for the City to verify the waterline depth at two spots. The City will need to pothole an area to determine if the depth and location of the pipe and the end cap on the line at the Crescent Avenue and Crescent Road intersection are acceptable. If it is determined that the water lines need to be moved, relocated or adjusted, it will need to be done at the City's expense.

In addition, MSD is requiring a full permit and review of the stormwater aspects of the project. City/Clerk Administrator Johnson stated that there are lots of unknowns with this request. This may include additional costs for stormwater easements for additional properties on Crescent Road and directing the storm water to the triangle at the bottom of Crescent Road. Any changes that need to be made to comply with MSD will include additional cost for survey, design and utilities. The additional cost is estimated to be \$65,000, but this is subject to change pending MSD's review.

The next Regular Board Meeting City Clerk/Administrator Johnson will have more complete numbers from the RFP to present to the Board and will plan the 2024 Budget meeting for September.

## **Fireworks RFP**

City Clerk/Administrator Johnson presented the RFP for the 2024 Fireworks to the Board. Several option were presented to the board as to how the RFP could be structured. Discussion ensued regarding the cost, length of the show, music, shot count, ground show and date of the show. The Board directed City Clerk/Administrator Johnson to have the RFP keep the show length to no less than 20 minutes and the ground show to a minimum, include music, and create a multiyear contract that allows different shows to be performed over the years. The Board decided to keep the July 3<sup>rd</sup> date for the Twin Oaks display.

## **ADJOURNMENT**

There being no further business Alderman Tim Stoeckl motioned to adjourn the Work Session Meeting at 7:05 p.m., seconded by Alderman Lisa Eisenhauer, and motion passed with the unanimous consent of the Board. Mayor Fortune stated the Board of Aldermen regular meeting would begin at 7:08 p.m.

#### IMPORTANT INFORMATION

Finance Charge Calculation Methods and Computation of Average Daily Balance Subject to Finance Charge: The Finance Charge Calculation Method applicable to your account for Cash Advances and Credit Purchases of goods and services that you obtain through the use of your card is specified on the front side of this statement and explained below:

Method A - Average Daily Balance (including current transactions): The Finance Charge on purchases begins on the date the transaction posted to your account. The Finance Charge on Cash Advances begins on the date you obtained the cash advance, or the first day of the billing cycle within which it is posted to your account, whichever is later. There is no grace period.

The Finance Charges for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of your account. To get the average daily balance, we take the beginning balance of your account each day, add any new purchases or cash advances, and subtract any payments, credits, non-accruing fees, and unpaid finance charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Method E - Average Daily Balance (excluding current transactions): To avoid incurring an additional Finance Charge on the balance of purchases (and cash advances if Method E is specified as applicable to cash advances) reflected on your monthly statement, you must pay the New Balance shown on your monthly statement on or before the Payment Due Date. The grace period for the New Balance of purchases extends to the Payment Due Date.

The Finance Charges for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of purchases (and if applicable, cash advances). To get the average daily balance, we take the beginning balance of your account each day and subtract any payments, credits, non-accruing fees, and unpaid finance charges. We do not add in any new purchases or cash advances. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Method G - Average Daily Balance (including current transactions): To avoid incurring an additional Finance Charge on the balance of purchases (and cash advances, if Method G is specified as applicable to cash advances) reflected on your monthly statement and, on any new purchases (and if applicable, cash advances) appearing on your next monthly statement, you must pay the New Balance, shown on your monthly statement, on or before the Payment Due Date. The grace period for the New Balance of purchases extends to the Payment Due Date.

Payment Crediting and Credit Balance: Payments received at the location specified on the front of the statement after the phrase "MAKE CHECK PAYABLE TO" will be credited to the account specified on the payment coupon as of the date of receipt. Payments received at a different location or payments that do not conform to the requirements set forth on or with the periodic statement (e.g. missing payment stub, payment envelope other than as provided with your statement, multiple checks or multiple coupons in the same envelope) may be subject to delay in crediting, but shall be credited within five days of receipt. If there is a credit balance due on your account, you may request in writing, a full refund. Submit your request to the Account Inquiries address on the front of this statement

By sending your check, you are authorizing the use of the information on your check to make a one-time electronic debit from the account on which the check is drawn. This electronic debit, which may be posted to your account as early as the date your check is received, will be only for the amount of your check The original check will be destroyed and we will retain the image in our records. If you have questions please call the customer service number on the front of this billing statement.

Closing Date: The closing date is the last day of the billing cycle; all transactions received after the closing date will appear on your next statement.

## **GENERAL CONDITIONS**

## CITY OF TWIN OAKS, MISSOURI CONTRACTOR SERVICES AGREEMENT

**Independent Contractor**. The Contractor shall be and operate as an independent contractor in the performance of this Contract. The Contractor shall have complete charge of the personnel engaged in the performance of the Services, and all persons employed by the Contractor shall be employees of said Contractor and not employees of the City in any respect.

**Compliance with Laws**. The Contractor shall comply with all applicable City ordinances and other laws and regulations, Federal, State, and any political subdivision thereof, including but not limited to, unemployment and workers' compensation, occupational safety, equal employment and affirmative action and wage and price laws insofar as applicable to the performance of the Contract. Specifically, Contractor shall comply with the following state law requirement:

Proof of Lawful Presence. Section 208.009 RSMo., requires that all applicants at the time of application for any contract provided by a local government provide "affirmative proof that the applicant is a citizen or a permanent resident of the United States or is lawfully present in the United States." Contractor's affirmative proof must be established through (i) <u>a Missouri driver's license</u>, (ii) any "documentary evidence recognized by the department of revenue when processing an application for a driver's license," or (iii) "any document issued by the federal government that confirms an alien's lawful presence in the United States." §208.009.3.

**Subcontracts**. The Contractor shall not subcontract any of the Services to be performed by it hereunder without the express written consent of the City. In addition, this Contract shall not be assigned by the Contractor.

Indemnification. To the fullest extent permitted by law, the Contractor agrees to defend with counsel selected by the City, and indemnify and hold harmless the City, its officers, engineers, representatives, agents and employees from and against any and all liabilities, damages, losses, claims or suits, including costs and attorneys' fees, for or on account of any kind of injury to person, bodily or otherwise, or death, or damage to or destruction of property, or any other circumstances, sustained by the City or others, arising from Contractor's breach of the Contract or out of services and operations performed hereunder by the Contractor, including the City's reliance on or use of the services or products provided by the Contractor under the terms of this agreement. The Contractor shall not be liable for any loss or damage attributable solely to the negligence of the City. To the extent required by law to enforce this provision, Contractor agrees that this indemnification requires Contractor to obtain insurance in amounts specified herein and that Contractor has had the opportunity to recover the costs of such insurance in the Compensation set forth in this Agreement.

**Insurance**. Contractor shall furnish the City the certificates of insurance for workers' compensation, public liability, and property damage, including automobile coverage in the amounts specified by the City in the request for proposals, if any, otherwise in the amounts as acceptable to the City. The policies of insurance shall be in such form and shall be issued by such company or companies as may be satisfactory to the City. The City, and such additional persons and entities as may be deemed to have an exposure to liability as a result of the performance of the Contractor's Services, as determined by the City, shall be named as additional insured and the applicable insurer shall owe the City a duty of defense on all insurance policies required hereunder. The Contractor shall provide an Additional Insured Endorsement to the City that shall be approved by the City prior to commencement of any Services.

**Nondisclosure**. The Contractor agrees that it will not divulge to third parties without the written consent of the City any information obtained from or through the City in connection with the performance of this Contract. Nothing herein shall preclude disclosure of information by the City.

**Changes**. No change in this Contract shall be made except in writing prior to the change in the Services or terms being performed. The Contractor shall make any and all changes in the Services without invalidating this Contract when specifically ordered to do so in writing by the City. The Contractor, prior to the commencement of such changed or revised Services, shall submit promptly to the City, a written cost or credit proposal for such revised Services. If the City and Contractor shall not be able to agree as to the amount, either in consideration of time or money to be allowed or deducted, it shall nevertheless be the duty of Contractor, upon written notice from the City, to immediately proceed with such alteration or change, and Contractor shall be compensated the reasonable value of such Services. **No Services or change shall be undertaken or compensated for without prior** written authorization from the City.

**Termination**. The City shall have the right to terminate the Contract at any time for any reason by giving the Contractor written notice to such effect. The City shall pay to the Contractor in full satisfaction and discharge of all amounts owing to the Contractor under the Contract an amount equal to the cost of all Services performed by the Contractor up to such termination date, less all amounts previously paid to the Contractor on account of the Contract Price. The Contractor shall submit to the City its statement for the aforesaid amount, in such

reasonable detail as the City shall request, within thirty (30) days after such date of termination. The City shall not be liable to the Contractor for any damages on account of such termination for loss of anticipated future profits with respect to the remainder of the Services.

**Multi-year contracts; Non-appropriation**. Notwithstanding any provision herein to the contrary, the City is obligated only to make the payments set forth in the attached Contract as may lawfully be made from funds budgeted and appropriated for that purpose during the City's then current fiscal year at the discretion of the City. If no funds are appropriated or otherwise made legally available to make the required payments for this Agreement during the next occurring fiscal year (an "Event of Nonappropriation"), this Agreement will terminate at the end of the then current fiscal year as if terminated expressly. The failure or inability of the City to appropriate funds for this Agreement in any subsequent fiscal year shall not be deemed a breach of this Agreement by any party. If applicable, this Agreement may be annually renewed at each fiscal year by inclusion of specific appropriation for this Agreement, from year to year not to exceed the maximum renewal period or term as set forth in the Agreement.

Accounting. During the period of this Contract, the Contractor shall maintain books of accounts of its expenses and charges in connection with this Contract in accordance with generally accepted accounting principles and practices. The City shall at reasonable times have access to these books and accounts to the extent required to verify all invoices submitted hereunder by the Contractor.

Other Contractors. The City reserves the right to employ other Contractors in connection with the Services.

**Proposals**. If the City issued a written request for proposals in connection with the Services or orally asked for a proposal, such request for proposals and the proposal of the Contractor in response thereto are incorporated herein by reference and made a part of this Contract. In case of any conflicts between the terms of the Contractor's proposal and the executed Contractor/Services Contract (including these General Conditions) or the City's request for proposal, the requirements of the City's request for proposal and this executed Contractor/Professional Services Contract shall control and supersede the Contractor's proposal unless a change thereto is specifically stated in this Contract.

**Event Records and Work Product**. The Contractor shall provide the City with copies of all documents pertinent to the Services which shall include, without limitation, reports, correspondence, meeting minutes, and originals of all deliverables. The City shall own all right, title and interest, including without limitations, all copyrights and intellectual property rights, to all documents and Work Product of the Contractor created in performance of or relating to this Contract. Contractor agrees to take all steps reasonably requested by the City to evidence, maintain, and defend the City's ownership rights in the Work Product.

**Site Operations**. Where appropriate, the City will arrange for right of entry to any property at the request of the Contractor for the purpose of performing studies, tests and evaluations in connection with the Services.

**Personnel**. The Services shall be performed exclusively by the personnel of the Contractor identified in the Contractor's proposal and no other personnel of the Contractor shall perform any of the Services without the express written approval of the City.

**Representations.** Contractor agrees that it has not relied on any representations or warranties of the City, oral or written, other than expressly identified in this Contract. The parties agree the Contract represents the entire agreement between the parties.

**Governing/Choice of Law.** This Agreement shall be governed by and construed and interpreted in accordance with the internal laws of the State of Missouri, without regard to its principles of conflict of laws.

Other Special Provisions. There are no additional special provisions set forth Contractor Services Agreement.

# City Clerk/Administrator's Report

# City of Twin Oaks, Board of Alderman

## August 11, 2023

## General Updates

## **Development Plan Application for Sav-On Liquor & Wine**

- The City has received an amended development plan application for Save-On Liquor & Wine at 1142 Meramec Station Road. As with the Ace Hardware and Aldi developments, the application will first go to the Planning and Zoning Commission for their review and recommendation to the Board.
- Currently, a liquor store is not listed as a permitted or planned use for commercial districts in the City's zoning code, so its approval will also require amending the code to include a liquor store as a planned use.

## Project Updates

## **Comfort Station Bridge Repair**

• The small wooden bridge near the comfort station in Twin Oaks Park suffered extensive damage from the tree that fell into the park last month and will need to be almost entirely rebuilt. Staff has procured the necessary material at a cost of \$1,484.

## **RFP Notices**

• RFPs have been issued for three of the projects discussed at the July 12th meeting: the water feature excavation and dry creek bed construction for the Park, the curb improvements on Big Bend Road/Meramec Station Road, and the Meramec Station Road restriping.

## **Crescent Ave. Stormwater and Sidewalk Improvements**

- Negotiations are continuing for the ROW acquisition. ORC has met with all four impacted property owners.
- BFA is continuing to work on several issues related to utility relocation and coordination, and drafting additional stormwater plans for MSD submittal.

## **Intersection Planters**

• Staff has determined that the planters were originally installed by Heitkamp Masonry. However, the City was advised that the company currently has a high workload and that we should instead reach out to Arnold-based Jason J. Smith Masonry for an inspection and evaluation of the planters.
