The City's sales tax revenue is down approximately \$55,000.00 from this time last year. The City's overall revenues is down approximately \$58,000.00. Mr. Blume is concerned about this decrease since total retail sales at grocery stores are down. The trend at this time shows people are spending more money on services and going out to dinner. This is not good for the City at this time. He recommends a word of caution to the City to be aware of this trend in their capital spending and budget process. Other taxes are on target.

DISCUSSION ITEMS

Accounting RFP: The City had received two proposals for accounting services. In his review of the proposals City Clerk Johnson found that many of the firms also want to include the yearly Audit as well as the accounting work.

Ijaz Group is based out of Washington DC and it does not appear that they have a local office in St. Louis.

Kerber, Eck & Braeckel, LLP (KEB) have an office in St. Louis. City Clerk Johnson had a preliminary meeting with someone from the firm. He stated that this firm has worked with City's the size of Twin Oaks. Their fee is based on an hourly charge. Alderman Milne asked approximately how much time that Jeff Blume spends per month on the City's finances in hopes of making some kind of comparison.

City Clerk Johnson recommended scheduling a meeting with KEB to help with answering any questions the Board may have. The Board was in agreement to schedule a meeting. Mayor Fortune would like to have a representative from the KEB firm at the July 7th Work Session.

Alderman Stoeckl asked what the City is paying for Jeff Blume's services. At this time the City pays Mr. Blume \$1,500.00 a quarter. City Clerk Johnson stated that Mr. Blume would like to stay as the City's financial consultant. He proposed attend the Board meetings via Zoom and attend one meeting in person per quarter.

Birnamwood Condominium Drainage Channel Maintenance: City Clerk Johnson gave a brief history of this drainage area. MSD gave the City a stormwater easement agreement which allowed the City to go in and build the drainage area. This agreement, however does not promise that the City will maintain this area. The area is in need of repair but it is not an emergency at this time.

Alderman Milne asked if you can spend City money to repair something on private property. Attorney Rost stated that since it is a regional issue effecting stormwater you can spend City money to fix the problem.

The Condominium Association did get a bid from a tuck-pointing company for the repair. The Board would like to get two additional bids. City Clerk Johnson will work to attain these bids.

Attorney Rost also stated that a permit from MSD may be required. The Contractor would be able to check on this and obtain if necessary.

ATTORNEY'S REPORT

If the Board agreed to go into Closed Session Attorney Rost would update the Board on a litigation issue.

CITY CLERK'S REPORT

General Updates

Bond Compliance Certification

- The City has completed its annual bond certification and reporting process as required for the 2017 Certificates of Participation issued to finance the construction of City Hall. See the annual report included in the board packet for more details.

Twin Oaks Branded Clothing

- A previous order placed for 12 embroidered items branded with the City logo was not able to be recalled following the June 2nd meeting. Therefore, no additional items for the Board of Aldermen are necessary. This order included T-shirts and hoodies for maintenance staff.

Project Updates

Twin Oaks Park Mulching

- Focal Pointe completed the mulching of the Twin Oaks Park on June 14. This completes the mulching work in the City for the year.

Tree Removal

- Davey removed the large tree in the Park on June 14.

Striping Maintenance

- Maintenance staff is currently working on restriping various locations throughout the City. The City Hall parking lot, Boly Lane and Autumn Leaf Drive have been completed.

Twin Oaks Presbyterian Church Berm

- BFA has suggested that we modify the berm plan to come in under the County's permit requirements. This could be accomplished by removing the swale from the plans and only constructing the berm. Staff discussed this with the Church management and is currently waiting to see if the Church's board would agree to this modification.

Alderman Whitmore asked if Public Works Director John Williams would be able to strip Meramec Station Road since the road is in need of restriping. City Clerk Johnson stated that Mr. Williams would not be able to do this striping, but the Board was in agreement to revisit the bids the City had received from Traffic Control last year on restriping Meramec Station Road.

Alderman Milne would like to have had a notice of the lane closure on Boly Lane sent out to the residents. Alderman Eisenhauer stated that in talking with Mr. Williams, he was notified the evening before by Crowder Construction that they were coming the next day.

MAYOR AND ALDERMAN COMMENTS

Alderman Whitmore likes the new retaining wall on Boly Lane, but feels that the wall is closer to the road than the previous wall and that reflectors may be needed on the wall. He also asked if the fireworks on October 16th will be beginning earlier. Mayor Fortune stated that yes they would be beginning around 8:15 pm.

Mayor Fortune stated that they are trying to think of a theme for the fireworks. He would like to have it reflect the heroes of the past year, i.e. essential workers, doctors, nurses, police, etc.

Alderman Stoeckl stated the City has quite a few new residents and wondered if the City sends anything to new residents. City Clerk Johnson stated that they receive a welcome letter and a New Resident booklet.

City Clerk's Report

City of Twin Oaks, Board of Alderman

July 7, 2021

General Updates

Unleashed Dogs in the Park

- The City recently received a complaint about unleashed dogs in Twin Oaks Park. We will be sending out some additional information reminding residents about the ordinances regarding unleashed pets.

Trash and Recycling Delays

- On July 1, Mayor Russ Fortune met with Paul Bickford with Waste Management to discuss the recent issues the City has been experiencing with trash and recycling pickup.
- Further, the City has requested that Waste Management send two updates to the City each Monday and Friday on the status of pickup until more normal service is established.

Project Updates

Meramec Station Road Striping Mystery

- On June 24th, a portion of Meramec Station Road within the city limit was restriped. Both St. Louis County and Manchester have confirmed that, to their knowledge, the work was not completed by them. We have reached out to Valley Park but have not heard back.
- The City is moving forward with getting quotes for the remaining restriping work.

Asphalt Path Sealing

- Last week, Topps came out to the Park and sealed the asphalt paths. This required the park to be closed for two days. However, the heavy rain that followed then washed away much of the application, requiring Topps (at their expense) to come out to re-do the sealing on Monday and Tuesday.

Tree Removal

- Davey removed one large tree and several others in the Park on June 14th and removed the stumps last week.

Striping Maintenance

- Maintenance staff is currently working on restriping various locations throughout the City. Crescent Road will be completed this week.

Twin Oaks Presbyterian Church Berm

- On June 22nd, the City approved the revised berm proposal from Twin Oaks Presbyterian Church. The revised proposal eliminates the swale and will instead involve hauling in dirt and fill material to build up the berm. The City agreed to cover the additional cost incurred by these revisions, up to \$1,700.
- As the revised proposal involves less than 2,000 square feet, no permit from St. Louis County is necessary and the project can move forward.

Drainage Channel in Birnamwood Condos

- Maintenance Supervisor John Williams is working to get quotes for this potential project from Crowder and DJM.
